AMERICAN GUILD OF MUSIC CONTESTS

The American Guild of Music is a non-profit organization of studio and private music teachers throughout North America dedicated to the advancement of musical talent. To help further this effort, a National Convention and Contest and several Regional Contests are held annually in North America. The purpose of these contests is to stimulate and maintain the student's interest in their musical education by giving them a positive musical experience with immediate, tangible rewards. The Divisions are structured so that each student has an excellent chance to be a winner. *Our goal is for every student to go home with a positive experience, motivated to improve their musical skills!*

The American Guild of Music publishes a quarterly newsletter that features articles about the contests and information for contest enrollment. These newsletters are free to all AGM members.

To become a member please contact the membership chair at membership@americanguild.org or download an application on the website.

FAQ's Frequently Asked Questions

Where are the contests located? The Great Lakes Regional is held in the spring in the Metro Detroit area. The Toronto-Niagara Regional is held in the autumn. Virtual contests are offered at various times throughout the year. Other regional contests may be added in different cities in future years. Each July, the National Convention and Contest is held in a different city.

Do I have to qualify at a Regional in order to go to the Nationals? No. All of the divisions offered at the Regionals are also offered at the Nationals, with additional events such as Sight-Reading, Convention Choir and Orchestra, Student Council, Cadet Teacher courses, and various clinics. The NAIC and the Age Finals are held at the Nationals. Students may pre-qualify at a Regional, but there are also Qualifications held at the Nationals. Many cash awards are also given at the National Contest.

What kinds of instruments do you allow? All instruments. The more popular ones have their own divisions and a few of the less-frequently entered instruments may be combined, but there is something here for everyone.

What is the range of the students? From early beginners to extremely advanced, age 3 and up through adults. Using length of study/age formulas, students are grouped for the most possible equalization and fairness.

Which categories should I enter? Since the main benefit for the student is experience, they could enter all the events, and many do. Evaluation and Test List are designed so everyone can enter, but the others may not be right for some. If they have never performed a "Pop" piece, that may not be the best division as a first experience. If they started late (age 12 or older), they may not be a good candidate for Age Qualification. Length of Study is usually a fair assessment, especially for highly motivated students.

How many categories can my student enter? Think of each category as a separate contest and enter them in as many as you feel they can handle. For the most well-rounded experience, we suggest all students participate in at least 3 events. They can enter each of these solo categories once: Age Qualification, Evaluation, Length of Study, Pop, Test List, NAIC, and NAOCC. Group categories may be entered as well. We also offer written theory tests from Preparatory through Level 10.

Should I plan to be there every day or can I request which days I want to perform?

Can I request mornings or afternoons? The full contest experience is enhanced by participating in everything you can and staying the entire weekend. You will have somewhere to relax between events and an opportunity to make new friends by interacting with those from other studios at after-hour social activities. You are not *required* to stay; however, it is impossible to choose the days and times you will perform. Events are scheduled to run on specific days based on the number of entries received for each category and the availability of the judges and rooms we have to work with. Participants are placed into divisions specific to age and length of study factors. In order to be graded fairly, students must compete in their assigned division. You should tentatively plan to be available the duration of the contest. If possible, we will give advance notice of a rough schedule outline. Your specific performance schedule will be distributed to your teacher approximately 10-14 days before the start of the contest.

Is there somewhere to practice? Can I warm-up before I perform? When space allows - yes and yes. Vocalists and students with portable instruments (i.e. band instruments, guitars, keyboards, etc.) may practice in their hotel rooms during reasonable waking hours. You may also warm-up QUIETLY in the general gathering spaces, provided you are not near any of the competition room doors. Pianists (or students who require a piano accompaniment) that are staying overnight at the hotel may sign up for an official practice time at the AGM Registration desk. These rooms are not available until the close of competition each evening and times are very limited! Times range from 5 – 20 minutes per student and will be assigned according to age, LOS, and number of events entered. Students are expected to reserve a time in advance. *Whenever possible*, we will offer digital pianos with headphones to warm up on throughout the day. These are available on a first come - first served basis.

Another helpful hint: competition rooms are open for practice provided the adjudicator is not in the room. (i.e. In the morning before we begin, during lunch break, anytime the judge steps out for a break.)

Do I have to memorize my piece? Yes, for all *solo* performances except Evaluations. Ten points will be deducted from your score if music is used. Use of music is allowed for Evaluations, Duets, Ensembles, and Groups. All music must be performed as written. Improvisation is not allowed except in Pop and Drum set divisions. *Edit: Band instrument solos do not require memorization.*

If I memorized my piece, do I still have to bring my music? If I can't find my original, can I bring a photocopy? You MUST bring ORIGINAL music to hand to the judge for ALL divisions except Pop performances. *Make sure you have numbered each measure of the music!* For duets, etc. where music will be used, a second ORIGINAL must be provided for the judge. Photocopies violate Copyright laws and will NOT be accepted. Five points will be deducted from your score if you forget to bring your original music.

Is it okay to download and print sheet music from my computer? Yes, provided it has been purchased for your use or is from a free music source. Bring the music and documentation/receipt to the score room for approval and signature from the Contest Director BEFORE your division begins.

What should I wear? Dress to impress - somewhat semi-formal. T-shirts, tank tops, shorts, jeans, sweatshirts/hoodies, flip-flops, sneakers/sports shoes, hats, or anything with tears, rips, or offensive language are absolutely NOT allowed! *If dressed inappropriately, you will not receive a score!* You will be given an opportunity to change into appropriate dress or allowed to perform for comments only. Suggestions for the student: dress shirt/polo/sweater with slacks, a suit with or without the jacket and tie, skirt/dress pants with a nice top, simple or full evening dress. Remember – *any* sort of jeans (even dark or black or your newest, very best ones) and any sort of flip-flop or running shoe are not appropriate for this contest and may cause you to be disqualified.

How will I know if I won anything? Once each division has finished performing, the score sheets need to be checked, double-checked, entered into our computer system, verified, and sorted. The top 3 scores in each division are then transferred to a Winner's List. That list is checked and verified again. We work as quickly as possible, but results are NOT immediately available. Please do not come to the score room to ask if you've won. *Our priority is accuracy, not speed.* You will NOT be able to find out ahead of time your score, which place you received, or in which event. Please do not come to the score room to ask how you did. It is up to you to be at the Award Ceremony to find out! Please do not come to the score room to ask if you will be receiving an award. Frequent inquiries simply slow down our tabulation process. Thank you for understanding!

How can I get my trophies? Come to the Award Ceremony!!! Check your program for times. The Dress Code is in effect and you will need your badge in order to make it on the stage. If for some reason, you *absolutely* are unable to attend, you may choose to have someone stand-in for you, however, that person must follow the dress code and have *your* badge. Teacher/studio owners may pick up for any of their students, but ask your teacher, don't assume! Any trophies not picked up will not be available until the very, very end of the Grand Award Ceremony held on the last day of the contest. Trophies left behind can be obtained by sending a check to cover shipping charges, plus a Special Handling fee of \$20 *per trophy*. Checks should be made payable to "American Guild of Music" and sent to P.O. Box 599, Warren, MI 48090. Contact us at agm@americanguild.org to verify the exact amount due. Remember – these fees can be avoided by simply attending the award ceremonies and crossing the stage to be handed the trophy you worked so hard to earn!

How can I get my score sheets, certificates, and award ribbons? Your score sheets will be emailed to the teacher/studio owner after the conclusion of the Grand Award ceremony. Students not awarded a trophy will earn an award ribbon which reflects their score: Purple(Outstanding 91-100), Blue(Superior 86-90), Red(Excellent 80-85), Good(White 70-79), Fair(Yellow below 70). These ribbons, as well as any earned award certificates, are placed into a Studio Packet along with those belonging to other students from the same studio. This Studio Packet will be available at the end of the Grand Award Ceremony held on the last day of the contest. This can be picked up only by the teacher, the studio owner, or their representative. An exception may be made if only one student is attending from the studio. In that case, the student may show their badge to receive the packet.

I am a teacher working at a music store. My store is not a member of the AGM but I want my students involved. May I become a member even though the studio isn't? Absolutely! In fact, we encourage all teachers to become members even if they teach at a studio or store that is already an AGM member.

I am a music teacher at a public school. Several of my students have attended the AGM contests with their private instructors. I wish to offer that to ALL of my students. May I become a member? The American Guild of Music is open to all teachers of music whether in private situations or the public school system. All of your students are invited to participate.

The American Guild of Music supports the Americans with Disabilities Act (ADA) and will make special provisions to comply in its competitions providing written notification is given prior to the event. Accommodation will be made for disabled persons on advance request.

The American Guild of Music, Executive Officers, and Board of Directors, either individually and/or collectively, cannot and will not be held responsible for injury, damage, or loss of property occurring to any person attending an American Guild of Music function. Class is open to Non-Sequenced AND Sequenced Keyboard. If a sequence is used, the right- and left-hand track must be turned off.

Memorization is mandatory.

Transcribed: If the word “transcribed” is used with the book name, that version is to be used. If transcribed is used in the publisher section, then the transcribed version may be used instead of the listed book version. All transcribed scores must use two hands, two moving parts. All transcribed music must be a published edition.

American Guild of Music

EXAMINATION PROGRAM

DESCRIPTION

The examination program is designed to make it easy to involve ALL of your students in a program that gives them a graphic demonstration that they are meeting or surpassing the standard for private music students suggested by the American Guild of Music.

An examiner is brought to your location on a convenient date and conducts examinations in a private, one-on-one situation on piano, portable keyboard, guitar, or voice. Private teachers are invited to have their students participate at the most convenient location.

The student chooses a LEVEL (one through ten) which they feel best represents their present stage of achievement. They play a

song from the Test List for that level (memorization) plus scales and chords, and take a written theory test for that level. In higher levels, they add a song of their own choice and will be asked to sight read a short passage.

A Certificate of Achievement is awarded for each passing score. LEVEL 10 receives a plaque.
